Solo (Standard or Competitive) Limited Availability – Only 12 time slots for 2021-22 Dance Year

Solos are a 30-minute weekly dance routine class.

Solo tuitions are prepay and must be paid in full at time of registration to be considered reserved.

\$450 solo tuition cost for Sept-June 2021/22 dance year tuition is DUE in FULL with registration!

Limited Availability! Only 12 slots available on a first-to-register basis. Registration begins online at stagestarzdance.net or through the parent portal on May 28, 2021 at 6:00pm.

Please note: we sold out of slots last year within hours of registration opening. Only solo registrations with payment in full will be considered reserved.

In the event that student registers for a solo and intends to audition to compete the solo, but is not selected for competition participation during auditions for the solo, the soloist can then opt for a standard solo or resign their solo registration and ask to be refunded. A request for that solo refund must be made within two weeks of the audition results. As solos are limited and are reserved on a first-come first-served enrollment, refunds for solo opt-outs for the season (other than one based on audition

results as outlined above) will only be given within two weeks of the student's solo registration. We need to have a strict refund policy so that students do not hold spots with the intention of making a more sincere commitment at a later date, thus taking advantage of the next student's opportunity.

\$45 monthly

Semi-private (2-3 students 30-minute weekly technique only class. No performance dance routine.)

NEW COMPETITION REGISTRATION REQUIREMENTS FOR 2021-22:

So that we have a clear understanding of students' aspirations and how to evaluate returning competitors and new competition hopefuls during auditions, as well as have a framework for team placement considerations during August Intensives, **students must pre-register for 2021-22 dance season classes BEFORE competition auditions. This pre-registration can be completed online with just the \$20 yearly non-refundable family registration fee and should include all classes that the student is interested in participating in for the 2021-22 dance season.** (Exception - solos - which require payment in full upon solo registration). Students will not be able to audition without completing this easy online preregistration process. Steps to becoming competition team members for 2021-22 dance season are:

1. Pre-register online for desired 2021-22 classes under the Comp Classes Registration tab on the studio website: stagestarzdance.net. Add all desired classes to your registration by clicking to register, including the click to add the \$20.00 yearly family registration fee. To eliminate confusion prior to team placements, you will now just click the desired routines you will want your dancer to participate in. For example, if you want the dancer to compete in comp team lyrical and comp team jazz you will register for these generic class titles which will not carry team titles or reflect combos. Simply choose the dance routines you'd like your dancer to compete in and register them in those classes. More specific placements will be made after August Intensives. You can still access descriptions of each team and the prices for classes for these levels when online by clicking on the corresponding tabs for - Minis, Petites, Junior and Teens. The information is also included below. Pay only the \$20 yearly reg fee to complete the pre-registration process for comp classes.

2. Register online for our Competition Auditions which will include a competition participation fee for the 2021-22 dance season of \$50 due along with your Audition Registration. Deadline to register June, 2021. (See more details for Competition Auditions in the "Register Here for Competition Auditions" tab on our website, and complete details in our "Competition Auditions" file download included in this email and on our website.)

3. Audition! Auditions will be held Saturday, June 5th 2021. You will be contacted via email with your audition results within 48 hours after auditions. (See the "Competition Auditions" file download included in this email and on our website for your audition times.)

4. All selected comp team members are required to register for our August Intensives. All competition students must attend this 5-day jump-start double workshop (2-day abbreviated workshop for new

Minis). More specific details concerning Intensives dates, times and registration will arrive to you in June.

All standard classes students not auditioning for competition may also register before June 25, 2021 to enroll in classes with just the \$20 non-refundable yearly family registration fee. All registrations after June 25, 2021 must also include September tuition for all classes registered for.

WORKSHOPS AND SPECIALTY EVENTS

AUGUST JUMP-START INTENSIVES: We will be hosting 5-day workshops the weeks of August 24th thru 28th and August 31st Sept 4th. These August Jump-Start Intensives are open to all dance students ages 5 to 19 working at Primary Levels and above. Please note that the workshops are required for all competition students. A request for that solo refund must be made within two weeks of the audition results.
- As solos are limited and are reserved with a first-come first-serve enrollment, refunds for solo opt-outs for the season (other than one based on audition results) will only be given within two weeks of the student's solo registration. We need to have a strict refund policy so that students do not hold spots with the intention of making a more sincere commitment at a later date, thus taking advantage of the next student's opportunity.
